CULTURAL FACILITY REVENUE BOND PROGRAM APPLICATION

The undersigned Applicant hereby submits this Project Application and requests the Missouri Development Finance Board (the "Board") to issue and sell its Cultural Facility Revenue Bonds (the "Bonds") for the purpose of financing the Project described below (the "Project").

The undersigned hereby agrees that the submission of this Project Application to the Board, and the Board's adoption of a Resolution indicating an intent to issue the Bonds to provide funds for the Project will not give rise to an obligation by the Board to fund such Project in the amount requested or in any amount. The undersigned further understand and agree that there is no assurance that Bonds will be issued by the Board or that Bond proceeds will be sufficient to fund the Project as hereby requested.

For the Board to consider an application, it must be complete with all required attachments or supporting documentation and received by Board staff on the first Monday of the month in which the applicant wishes to be considered. If this date is a state or federal holiday the application is due on the next business day. If sufficient information is not present, the application will be held until a subsequent meeting.

Preliminary resolutions of intent expire 180 days after the date of adoption by the Board. Final authorizing resolutions expire 90 days after the date of Board adoption. Preliminary resolutions for applications processed to the Final Resolution stage, or, not closed prior to expiration of the Final Resolution can only be extended or reauthorized by the Board at a regularly scheduled meeting. If a resolution has expired and the applicant wishes to proceed in closing, then all information in the application must be updated and the applicant, and sub-applicant if applicable, must certify in writing that no material adverse changes have occurred in their financial condition or any other aspect of the project prior to being represented to the Board.

The Board encourages the involvement of minority and women-owned businesses in all of its programs and purchases.

NAICS – North American Industry Classification System. The Federal Office of Management and Budget (OMB) adopted the NAICS as the industry classification system used by the statistical agencies of the United States. NAICS replaces the 1987 Standard Industrial Classification (SIC). The NAICS is used for classifying business establishments to assist with gathering data related to measuring productivity, unit labor costs, and the capital intensity of production, employment and other information. Missouri businesses are assigned a NAICS when the company files a “Report to Determine Liability Status” with the Missouri Department of Labor and Industrial Relations, Division of Employment Security to determine Unemployment Tax Liability. Normally, a general business employer becomes liable for the tax and responsible for providing unemployment insurance for its workers when it:

- Pays \$1,500 in wages (cash and in-kind) in a calendar quarter, or
- Has an employee in some portion of a day in each of 20 different weeks, or
